<sup>(1</sup> [	about 75 mm caliber. Trucks were identified.	
7. 1	Nine trucks, each towing a gun and occupied by troops, were seen coming from the direction of calkenberg on 5 march 1950. Truck was identified.	
€.	An armored cross-bountry motor chicie left the barracks going towards falkenberg on 8 March 1950. The middle section of the vehicle was covered with a tarpaulin setting off the contours of a twin-barreled machine gun. The vehicle was occupied by two officers and nine EM with firing equipment. It returned to the barracks about 5:15 p.m.	
۶.	Three T34 tanks were seen entering the barracks area on 9 March 1950.	
10.	major Lubanov was identified as the S-3 of the Bad freienwalde AT artillery battalion.	25
11.	Three T34 tanks, followed by a truck occupied by 14 soldiers, entered the barracks area on 13 march 1950.	
12.	One armored reconnaissance car and two armored personnel carriers, each mounting two heavy machine guns or 20-mm guns pointing forward and occupied by six to eight soldiers, left the barracks about 2 p.m., on 14 warch 1950.	
	One armored personnel carrier, two armored recommaissance cars and an open track-laying ammunition carrier moved into the barracks area about 2 p.m. Three 134 tanks, with three to five men standing on each tank, entered the barracks about 4 p.m.	
13.	Two 75-mm AT guns were towed into the barracks are by 12 soldiers each, who wore red-bordered black epaulets without branch-of-service insignia, on 15 -arch 1950. A cantonment building with barred windows, surrounded by a 2-meter-high wire fence. was recently constructed in front of the balk kitchen of the barracks. Fire equipment was seen at the cantonment building which was permanently guarded by a sentry although it is close to guardnouse No 2.	
14.	Two 120-mm mortars were towed to relatzfelde by troops on 16 march 1950. Twelve-man crows were seen tracticing with two 75-mm AT guns near the Berliner Chanssee. They aimed at all passing motor vehicles. The gun crows scened to consist of experienced soldiers as they could adjust their guns quickly.	
15.	Lotor vehicles cre identified:	25X1

it seems cuestionable whether the 93rd dds Hv Tank SP he t/Fourth Gds Mecz Army, which was confirmed in bad freienwalde up to April 1949, should still be stationed there.  b. The Bad freienwalde units conducted training at unit level and driving practice in the town environs between 20 february and 16 Carch 1950, The 38 soldiers leaving the post on trucks on 1 March 1950 may have belonged to an advance detail and moved to templin Chere the 6th Gds Mecz Div had also conducted its 1949 field exercises.
